Function &Parameters

1. 1.98cm Ultra-thin Design.
2. Real point-to-point 4K Display, Clear Picture, Better Performance.
3. Self contained information release system can be controlled remotely.
4. Hanging installation, installation height can be adjusted freely, simple and convenient.
5. Higher brightness, 350-700cd/m² screen brightness.
6. 178°viewing angle.
7. Support both sides of same or different.
8. Service life up to 50,000 hours.

Product Model			Specification		
Screen Parameter s	Size	43" - 55"	Audio system	Horn	2×5W(8Ω)
	Back type	TFT - LCD + LED backlight		Sound mode	Standard
	Display Proportion	16:9	Output Interface	PC output interface	RJ45 1/USB 2
	Physical resolution	3840*2160 to 1920*1080		L/R Audio output	1 RCA X2
	Color depth	16.7M	Power consumption	Input voltage	C 100~240v 50/60HZ
	Viewing angle	Landscape 178 Portrait 178		Standby power / rated power	=3W/=180W
	Brightness	350 - 700 cd/m	Cabinet	Material	SPCC

Product Model			Specification		
Screen Parameters	Contrast	5000:1	Cabinet	Exterior color	Black (default) Gold Silver
	Response time	5ms	External conditions	Working temperature / humidity	0?~50? /20%~80%
	Service time	50000 hours		Storage temperature / humidity	-10?~60?/5-95%
Enter	HDMI interface X 1/USB interface X 2/TF card slot X 1/LAN Ethernet interface X 1		Output	Display signal X 2 (two-way double-sided display) interface receiver (remote control) Audio Output (left and right channel output) 8W X 2 Speaker	
Hardware Parameter	CPU : Rockchip RK3288 super strong quad core 1.8GHz Cortex-A17 architecture, quad-core GPU Mail-T764 Memory : DDR3 2G Storage EMMC 8G (Android5.1)				
Play Format	Video : Support WMV, AVI, RM, RMVB, FLV, MPEG, TS, etc, Mp4. Image format support : BMP, PNG, GIF, JPEG Play mode supports multiple play modes such as loop, timing and insert.				
Network Support	Rj45 wide network interface,3G,support Wifi / BT, 4G function(optional)
